

# Need a VOICE MAKE OVER and TUNE UP?

Connie Kis Andersen presents ...

A workshop on protective vocal techniques.

As part of the Tamworth Festival 2008 *Musician's Know How Program*, this workshop is suitable for singers *and* speakers to help develop a basic understanding of the mechanisms of the voice. Through theory and simple exercises, the participant will be introduced to techniques that will help protect and free their natural voice.

Singer, songwriter Connie Kis Andersen has taught voice workshops and singing at TAFE and UWA Extension in Western Australia for close to 10 years.

*"Connie Kis Andersen has been delivering voice production and technique workshops for UWA Extension for several years.*

*Connie takes a very professional approach and always receives great evaluations from participants in the courses. Her charming personality and intensive course content combine to make a popular program."*

Elisabeth Tilly. Course & Communications Co-ordinator, University of Western Australia
